

Domestic Geographic Name Report

1 Use this form to recommend a feature name or to suggest a name change.

2. For features on Federal lands, coordinate requests with the agency (U.S. Forest Service, National Park Service, Bureau of Land Management, etc.) For the administrative area in which the land is located.

3. On the reverse side of this form give information on the local usage and authority for recommended name.

4. For more information about the Geographic Names Information System or the National Gazetteer Program, contact the U.S. Board on Geographic Names at 703-648-4544.

5. Return this form to:

Executive Secretary for Domestic
Geographic Names
U.S. Geological Survey
523 National Center
Reston, VA 22092

Action Requested

Proposed New Name:

Recommended Name:

Coffee Spire

Application Change:

State:

Alaska

Name Change:

County or Equivalent:

Matanuska-Susitna Borough

Other:

Administrative Area:

Denali National Park & Preserve

Specific Area Covered:

Latitude 62 ° 56 ' 41 " N Longitude: 150 ° 37 ' 38 " W

Latitude _____ ° _____ ' _____ " NS Longitude: _____ ° _____ ' _____ " WS

Center: _____ Heading _____

Section 17 Township 33N Range 07W Meridian Seward Elevation 6850'

Type of Feature (stream, mountain, populated place, etc.):

Prominent Rock Formation

Is the Feature identified (including other names), in the Geographic Names Information System (GNIS)?

Yes No Unknown If Yes, how is it listed? _____

Description of feature (physical shape, length, width, direction of flow, etc.):

A prominent rock feature rising out of an unnamed glacier (locally known as "Coffee Glacier") east of

Ruth Glacier in Denali National Park & Preserve. Estimated elevation of 6850’.

Maps and other sources using recommended name (including scale and date).	Other names (variants)	Maps and other sources using other name or application (including scale and date).

Name information such as origin, meaning of the recommended name, historical significance, biographic data (if commemorative), nature of usage or application, or any other pertinent information:

Proposer recommends a name for this currently unnamed rock formation “Coffee Spire” as it rises from so-called “Coffee Glacier” near the proposed “Mocha Spire.” The Mountaineering Club of Alaska state that, “there are two high quality technical rock climbing routes on this formation. It will be visited numerous times by climbers from around the world in the future. It is very important that it have a name that can be referenced in photographs, videos, written trip reports, stories and accounts of future route development.”

The Club’s proposed name is descriptive since the rock formation rises out of “Coffee Glacier,” which is the local name for an unnamed glacier east of Ruth Glacier. They also state that the proposed name has been used by local, American, and international climbers, as well as the *American Alpine Journal*, NPS rangers, and commercial glacial pilots in the area for an estimated 16 years.

Is the recommended name in local usage? Yes X No If Yes, approximately how many years? 16

Is there local opposition to, or conflict with the recommended name (as located)? None reported.

For proposed new name, please provide evidence that feature is unnamed: Feature is unnamed in USGS Map Viewer and GNIS. Search of GNIS shows no other “Coffee Spire” present in the State of Alaska.

Additional information:

This feature resides on federal land in Denali National Park & Preserve.
